Speaking of registration, all online casinos register

Paraguai está prestes a aprovar o primeiro currículo nacional de educação sexual

Paraguai, que tem a segunda taxa mais alta de gravidez na adolescência na América do Sul, está prestes a aprovar o primeiro currículo nacional de educação sexual.

No entanto, ativistas, alunos e pais expressaram preocupação com as novas diretrizes, que advertem que preservativos não podem ser confiados, a masturbação leva à solidão e não fazem menção a pessoas LGBTQ+.

Necessidade de educação sexual

Trabalhadores de saúde argumentaram há muito tempo que a educação sexual abrangente era urgentemente necessária roulette xtreme um país onde as taxas de gravidez na adolescência permanecem persistentemente altas - e o aborto é proibido mesmo roulette xtreme casos de estupro.

Idade Número de nascimentos roulette xtreme 2024

15-19 anos 10,697

10-14 anos 405

Os dados do governo mostram que, roulette xtreme 2024, 10,697 adolescentes com idades entre 15 e 19 anos, e 405 meninas com idades entre 10 e 14 deram à luz no país, que tem uma população de apenas 6.9 milhões. Na América do Sul, a taxa de nascimentos na adolescência do Paraguai é superada apenas pelo Venezuela.

Também preocupantes são as estatísticas de abuso sexual, com 4,084 meninas e adolescentes sendo vitimas roulette xtreme 2024.

Aborto proibido

O Paraguai proíbe os abortos, a menos que possa ser provado um risco para a saúde da mãe, e o país tem visto uma série de casos trágicos roulette xtreme que vítimas de estupro tão jovens quanto 10 anos foram forçadas a carregar gravidezes até o termo. Em 2024, uma garota de 14

anos morreu durante uma cesariana de emergência, depois de ser estuprada por um homem de 37 anos.

O currículo nacional de educação sexual longamente esperado foi visto como uma maneira de ajudar a resolver a crise quando foi anunciado pelo governo roulette xtreme junho de 2024.

Mais de um ano depois, críticos argumentam que o projeto, que será implantado nacionalmente no próximo ano, é conduzido não por evidências científicas, mas por fundamentalismo religioso.

Novas diretrizes

O novo currículo afirma que se refere apenas a relações sexuais entre "um homem e uma mulher" e adverte que "sabemos que preservativos não são uma proteção adequada" e que "a masturbação leva a problemas de frustração e isolamento". Os alunos também serão ensinados que "as relações sexuais não são para crianças ou adolescentes, nem para namorados ou namoradas; eles são para adultos comprometidos um com o outro para a vida".

A União Nacional de Centros Estudantis pediu um currículo que "não seja influenciado por nenhuma agenda ideológica ou viés religioso".

Simón Cazal, fundador da ONG de direitos LGBTQ+ SomosGay, disse que o plano do governo está "carregado de preceitos cristãos e é muito repressivo. Ele despreza os direitos humanos e ignora a ciência," ele disse, adicionando que ele "não faz menção alguma a pessoas LGBTQ+".

"Temos fenômenos terríveis de violência sexual contra meninas e adolescentes ... e uma das taxas de gravidez na adolescência mais altas no continente - e a única resposta que o governo está propondo é promover o abstinência," disse Cazal, adicionando que apenas organizações conservadoras foram convidadas a discutir o novo programa.
